Our room cleaning procedures are carried out several times a day in a scrupulous manner, according to strict criteria and special procedures.

Nothing is left to chance : sanitising handles, switches, ventilation filters, buttons and remote controls.

In common areas, such as the restaurant or reception, even more attention is paid:

- **Staff will always wear a mask and gloves**
- staff have been trained in good practice **to contain the risk** of spreading the coronavirus.
- we have temperature control systems in place for clients on arrival and check in

The beach will be organised in the best possible way, with distances in accordance with regional directives, with daily sanitation of the umbrella, sunbed and walkways. **Swimming pools** must be used with entrances in accordance with regional directives.
